### **CONFLICT MINERALS STATEMENT**

XFMRs is committed to ensuring the highest standards of social and environmental responsibility. As such, we are doing our part to fight against human rights violations in the “conflict region” of the Democratic Republic of the Congo (DRC) and surrounding countries. The sale of metals mined and processed in the conflict region can fund or benefit armed military groups and contribute to human rights abuses. These metals include gold (Au), tantalum (Ta), tungsten (W), and tin (Sn), collectively known as “3TG”. XFMRs assures our customers that the metals used in our products are not being sourced from mines or smelters in the conflict region.
