Dear XFMRs Customers & Suppliers,

XFMRs continues to keep all those affected by Coronavirus in our prayers for safety and health during this time.

We are blessed to advise that as of Sunday, March 22, 2020, all XFMRs associates and their families stateside and abroad, are healthy.

In response to many U.S. States issuing Coronavirus COVID-19 health emergencies, and complete shutdown of any non-essential manufacturing facilities, XFMRs continues to remain open. XFMRs subsidiary, QSE, Inc., continues to remain open. All shipping / receiving remains unaffected and open at this time. XFMRs is considered an essential manufacturing operation with our broad support of essential infrastructure (MEDICAL AND DEFENSE).

XFMRs respectfully requests that all XFMRs/QSE supplier requirements and issues remain supported. XFMRs respectfully requests that all customer requirements continue to be fed through normal XFMRs contacts.

XFMRs will do everything within our power to continue forward with immediate replies, complete responses, and quality product.

If you are unable to reach your normal XFMRs contact, feel free to contact us at info@xfmrs.com for immediate support.

XFMRs continues to keep close tabs on the ever-changing pandemic and its effects on day-to-day operations.

Our desire continues to be the same, making sure the customer's needs are not only met but exceeded.

Please continue to join all of us in praying for quick healing for all and for all those the virus has overcome as well as their families.

Thank you,
XFMRs MANAGEMENT
